

Introducing...

Feedback@SacredHeartSchoolWeymouth.org

The Sacred Heart School Council (formerly School Board) is working to open up more channels for parent feedback. Earlier this month, on the Catholic Schools Week Flyer, we announced a survey and hope you can fill it out if you haven't already: visit <https://www.surveymonkey.com/r/63JFGPV> to do so.

Another tool we are opening up is an email account: feedback@sacredheartschoolweymouth.org to receive your questions, comments, and ideas for improvement at SHS. We know there are a ton of great ideas out there (and some constructive criticisms, too) and we encourage you to reach out to this address with those thoughts so we can get to work! No question or idea is too big or too small.

This inbox will be manned by multiple members of the School Council and we will be collecting and aggregating the emails to review with Dr. Hawley and Fr. Sean and using them to inform discussions and planning. We'll answer whatever questions we can as well; for those we can't, we'll get an answer from the higher-ups. Basically, tell us how we can make or keep SHS great for you! We are committed to open communication and transparency and this is one more step in that direction.

Thank you!

The Sacred Heart School Council
