

Dear Parents,

I hope you have a wonderful summer with your child. The Pre-K and K1 teachers have supplied you with excellent alphabet and letter writing activities for the students to prepare for Kindergarten.

I would like you to read a book of your choice. Reading aloud is the best gift you can give to your children! Attached is a little book report for the students to complete and return to school in September on Orientation Day.

I have also enclosed a list of the high frequency/sight words your child will be learning in Kindergarten. The importance of sight word recognition is vital when instructing emerging and beginning readers.

Enjoy your summer and HAPPY READING!!!!

Fondly,
Mrs. Shea
